

BC Training^{LTD}

LEADERS IN BUSINESS CONTINUITY TRAINING

From newcomers to experienced professionals, we have a BCM course and learning style to suit everyone

INTRODUCTORY TRAINING COURSES

BCI Introduction to Business Continuity

2 Days

An introduction to the world of business continuity (BC). This course is designed as a first step for newcomers to the subject of BC and for those who have part-related roles or responsibilities, who need to have a good understanding of the subject.

£1,050
Per delegate

BCI Introduction to Organisational Resilience

1 Day

Designed to introduce the concept of organisational resilience. This course will provide delegates with a practical approach to build on the foundation of their existing skills and knowledge, to develop and enhance resilience capabilities for their organisation.

£525
Per delegate

CERTIFIED TRAINING COURSES

CBCI Certification Course (GPG)

5 Days with Exam

Designed for those individuals seeking to complement practical experience in business continuity or a related field through some formal BC training. Based on the Good Practice Guidelines (GPG), this course prepares you for the CBCI examination.

£2,250
Per delegate

PECB Certified ISO 22301 Lead Auditor

5 Days with Exam

This course enables the participants to develop the expertise to audit a Business Continuity Management System (BCMS), and manage a team of auditors, by applying widely recognised audit principles, procedures and techniques.

£2,200
Per delegate

PECB Certified ISO 22301 Lead Implementer

5 Days with Exam

This course enables the participants to develop the expertise to support an organisation in establishing, implementing, managing and maintaining a Business Continuity Management System (BCMS) based on ISO 22301.

£2,200
Per delegate

BCT Certificate in Cyber Incident Management

2 Days with Exam

A two day non-technical course, aimed at preparing organisations to manage their cyber response at the strategic/crisis management level. Topics include cyber risk assessments, playbook development, GDPR reporting incidents and reputation management.

£1,250
Per delegate

E-LEARNING TRAINING COURSES

CBCI Online Training Course with Exam

32 Hours, 8 Weeks

Delivered in an interactive eLearning environment by Bucks New University, this course offers a solid description of the techniques used by BC professionals worldwide, to develop, implement and maintain an effective BCM programme, as described in the GPG.

From
£1,670
Per user

Ideal for company-wide training, our online Training Qualifications UK (TQUK) endorsed courses are available in a number of packages:

E-Learning Business Continuity Awareness

1-2 Hours, Self-Paced, 30 days access

This course has been designed for individuals that require an awareness of what business continuity is and why it is important. Packages are available for up to 300 users.

From
£1,500
for 20 users

E-Learning Business Continuity Basics

15 Hours, Self-Paced, 45 days access

This course provides individuals with a basic knowledge of business continuity, by guiding them through the different stages of the Business Continuity Management (BCM) Lifecycle. Discounted packages are available for multiple users.

£280
Per user

E-Learning Business Continuity Certified

20 Hours, Self-Paced, 60 days access

The course covers the same content as the Basics course, but also includes a final assessment and a TQUK accredited hard copy certificate. Discounted packages are available for multiple users.

£350
Per user

PROFESSIONAL PRACTICES TRAINING COURSES

BCI Policy and Programme Management

1 Day

This course provides the continuity and resilience professional with the ability to develop a successful policy. Delegates will then learn how to use the policy to create, implement and manage the BCM programme.

£525
Per delegate

BCI Embedding Business Continuity

1 Day

This course provides an overview of the essential elements of embedding business continuity as part of the BCM Lifecycle.

£525
Per delegate

BCI Business Impact Analysis (BIA)

2 Days, Analysis Stage

This course explores the concept of Business Impact Analysis, as well as the practical application, using a number of different case studies.

£1,050
Per delegate

BCI Incident Response & Crisis Management

2 Days, Design Stage

This course covers all aspects of developing and implementing an incident response structure and crisis management capability within an organisation.

£1,050
Per delegate

BCI Designing Business Continuity Solutions

1 Day, Design Stage

This course covers how to design appropriate business continuity solutions, determine recovery objectives and prepare for the Implementation stage of the BCM Lifecycle.

£525
Per delegate

BCI Developing and Managing the Business Continuity Plan

1 Day, Implementation Stage

This course will cover how to develop business continuity plans and how to make the business continuity plan operational.

£525
Per delegate

BCI Designing and Delivering Effective Exercises

2 Days, Validation Stage

This course provides the business continuity and resilience professional with the knowledge of how to design and develop exercises that work.

£1,050
Per delegate

BCI Validating Your BCM Programme

1 Day, Validation Stage

This course will help delegates understand how to determine their organisation's existing level of BCM programme maturity and to prepare for, write and execute an assessment or audit.

£525
Per delegate

BCI Supply Chain Resilience

1 Day

This course teaches how to engage with those responsible for procurement and their teams, to embed business continuity and resilience into the business supply chain.

£525
Per delegate

BCM IT TRAINING COURSES

IT Disaster Recovery

2 Days

This course takes delegates through the IT DR Plan lifecycle, from understanding the key business drivers, examining the various strategic options available that determine the shape of the IT DR Plan, through to ensuring that a completed plan is fit-for-purpose.

£1,050
Per delegate

All prices quoted are exclusive of VAT.

IN-HOUSE TRAINING COURSES

All of our public training courses are available in-house, as well as the following:

Business Continuity Management Foundation

1 Day

This course provides attendees with an awareness of business continuity and helps to promote business continuity within your organisation. The course summarises the six elements of the Business Continuity Management Lifecycle.

From
£3,950
Up to 16
delegates

Incident Management Support Training

1 Day

Well-trained administration people are an essential part of the incident room staff. This course will give administration people the skills and confidence to perform their role effectively.

From
£3,950
Up to 16
delegates

Responding to Cyber Incidents - Briefing

1-3 Hours

The aim of the briefing is for senior managers to understand the threat to their organisation, what preparation and decision making they can carry out in advance of an incident and how responding to a cyber-incident is different to managing more conventional incidents.

From
£1,950
Up to 16
delegates

Planning & Running Business Continuity Exercises

1 Day

The aim of the training is to give Business Continuity Coordinators and other business continuity staff the skills, tools and confidence to plan, run and report their own exercises.

From
£3,950
Up to 16
delegates

Loggist Training

3 Hours

This training will give you and the staff within your organisation the essential skills required to record decisions and actions, which will help you prove that during an incident you conducted your role to the best of your ability.

From
£1,950
Up to 16
delegates

ISO 22301 Masterclass

1 Day

This training course will provide you with the key concepts of business continuity, help you to understand the benefits of a continuity management system and become familiar with the requirements of ISO 22301.

From
£3,950
Up to 16
delegates

Incident Management Training to Teams

1/2 Day or 1 Day

Incident Management Training is designed to assist and teach teams the essential skills and techniques required for managing an incident effectively, thereby ensuring that it is successfully resolved.

From
£2,495
Up to 16
delegates

Defensive Decision Making Training

1/2 Day

This training course will enhance individual and teams competence through providing the necessary skills and tools to enable a logical, defensible and justifiable approach to decision making.

From
£2,495
Up to 16
delegates

BESPOKE TRAINING & CONSULTANCY SERVICES

If you are looking for training which we don't currently offer, BC Training can work with you to create a bespoke course to suit your requirements. We also offer consultancy services for organisations who need further advice and guidance in any business continuity related area. Consultancy can be undertaken virtually or onsite.

If you would like further information on bespoke training and consultancy, please get in touch with a member of the BC Training team.
