BC Training Ltd, 21 Fairhaven Road, Lytham St Annes, Lancashire, FY8 1NN, UK

Course Description

ISO 22301 is the current international standard for business continuity management. It replaces the BS 25999 and helps your business to prepare for critical and challenging circumstances. This standard specifies the requirements for your business continuity team to protect against, reduce the likelihood of, and ensures that your business recovers quickly.

Whether you are new to ISO 22301 or looking to further your expertise, the ISO 22301 Masterclass is the right training course for you. We can tailor-make this training course to suit your business continuity programme and we can create a package that can be designed to remove the complexity of getting you where you need to be.

The ISO 22301 Masterclass will help your organisation to have a basic understanding of business continuity. ISO 22301 provides a framework for identifying potential threats, evaluating the impact that this has on the company and developing the capability to minimise the impact of disruption.

Those that attend the ISO 22301 Masterclass training course will understand the key concepts of business continuity, be aware of the benefits of a continuity management system and become familiar with the requirements of ISO 22301.

Course Benefits

By the end of this course, delegates will be able to:

- Understand the key concepts of business continuity
- Identify the main requirements of ISO 22301
- Identify critical business functions and potential disruption
- Understand how to protect your business ahead of disruption
- Understand how to recover business functionality in a crisis situation
- Understand what action to take to move towards ISO 22301 certification
- Improve internal processes by planning your company's business continuity management system

Who Should Attend?

- Continuity and Risk Managers
- Quality Managers
- IT Managers
- Environmental, Health and Safety Managers
- Consultants and Auditors who are new to ISO 22301 business continuity
- Those who want to introduce ISO 22301 to their organisation

Course Delivery

The ISO 22301 Masterclass is a one day training course and up to 12 delegates can attend the session.

During the live online version of the course, delegates will be able to use their microphones to take part in discussions and ask the tutor any questions, there is also the option to use a webcam too. Interactivity features used during the training may include the use of breakout sessions for group work, polls and quizzes. The course is delivered via GoToTraining.

Certificate of Attendance

An electronic certificate of attendance will be issued to delegates following the completion of the course.

Course Cost

The cost of this course is £4,950.00 + VAT plus tutor expenses if delivered in person. Bespoke work may incur additional costs.
